AFTER BUILDING IS COMPLETED—WAIT 2 WEEKS BEFORE PAINTING OR STAINING

2 YEAR WARRANTY

Our 2 year warranty covers materials and workmanship not up to our standards as seen in comparison with our models on display at dealers or shows. Because we use building materials and methods that insure a quality product for you, we have and will go to great measure to assure your satisfaction. With normal maintenance, your building will easily last a lifetime. In order to achieve this, you must paint, caulk and keep vegetation from growing around the edges of the building which would cut off ventilation.

Quality Buildings Unlimited can't be held responsible for acts of God, or abuse through neglect or vandalism. We also reserve the right to replace or repair any part of the building not up to our standards. The 2 year warranty is valid with a copy of your invoice.

5 YEAR WARRANTY

The 5 year warranty is exactly the same as our 2 year, except it will be extended 3 additional years by simply mailing a photo to **2232 HWY 78 Monroe, GA 30655** or emailing a digital photo to **Sales@GETaSHED.com** of your building verifying that it was indeed painted or stained within 90 days of construction. If you have a problem with achieving this because of poor weather, simply notify our office at 770-483-6116 and we will so note this on your invoice. At that time we will extend the 90 day requirement to another set date. All customers who take advantage of this warranty extension will be sent a dated 5 year warranty certificate. Photo's sent will become the property of Quality Buildings Unlimited and will not be returned.
